

AUTOMOTIVE SPECIAL LOGISTICS BEYOND ALL BORDERS

Take 45 years of experience in transport, add over 20 years of specialization within automotive special logistics, and you have the world's most exclusive logistics service provider to take care of your special car transports and projects.

From oldtimers to the cars of tomorrow, we design and create your individual transport concept. Through constantly re-inventing and perfecting our special logistics solutions, you can rest assure that our specialized and tailor-made professional transport systems and equipment will protect and safely transport your vehicles. Whether Concept cars, Design studies, Prototypes, Oldtimers, Motorsports cars, or Production vehicles, we'll take excellent care of your delicate car through the entire transport chain.

YOU CAN ALSO EXPECT:

- Solution-oriented, high-quality, and efficient project management
- Long time experienced experts with a deep industry knowledge
- High-end and constantly evolving loading equipment
- Consultancy services regarding the latest regulations and conditions worldwide
- In-house and temporarily built-up automotive testing facilities
- High-security warehouse facilities

Do you need Automotive Special Logistics Services? We are located where you need us!

THE ONLY LOGISTICS SOLUTION YOUR DELICATE CAR NEEDS

If safety and secrecy come first, the best solution for transporting your automobile is the ATBneo. Built for sensitive cars, the ATBneo ensures seamless transport and complete confidentiality throughout the whole transport chain. However, it is not made for safety reasons alone: The two-winged container creates the perfect setting for presenting and letting your piece of craftsmanship shine in the right light.

WHY CHOOSE ATBNEO:

- 100% Security - avoids unauthorized contact and insights
- Access management via ULD WEB APP
- Remote access by integrated GSM module
- Integrated foldable ramps, Stringo suitable
- Barrier-free access due to patented wing technology
- Heavy-duty castors on the front for easy maneuvering
- Opaque curtain available upon request
- Presentation mode: Let your piece of craftsmanship shine in the right light

Available versions:

- (L/W/H) 605 x 238 x 240 cm
- (L/W/H) 605 x 238 x 220 cm
- Gross weight: 2.300 kgs
- Payload: max. 5.700 kgs
