

**Did you know  
that South Africa  
is the only country  
in the world where  
two Nobel Prize  
winners lived on  
the same street?**

**World-renowned Nelson Mandela and Archbishop Desmond Tutu lived on the same street in the heart of bustling Soweto. Though we don't share the same fame, rest assured that our experienced local team will leverage off of our extensive worldwide network to provide you with reliable in and outbound logistics solutions.**

Located at the southern tip of the African continent, South Africa is your gateway to the neighboring South African countries Botswana, Mozambique, Namibia, Swaziland, Zimbabwe, and the Kingdom of Lesotho. Regardless of your specialization, we'll manage both Air and Ocean international freight in and out of South Africa. If your cargo is destined for our neighboring countries or you need customs brokerage and clearance, leave it to us. We'll secure your final delivery via all ports and airports, including the port in Durban and the O. R. Tambo Airport in Johannesburg – the biggest and busiest in Africa.

South Africa's mineral resources play a significant role in the country's economy. Like the precious minerals, our team is handpicked to handle your import and export with utmost care.

'Ubuntu,' a South African saying, means 'I am because you are.' With us, it means that we do our utmost every day to help you uncomplicate your world.
