

# PARCEL & EXPRESS

## SAVE TIME WITH OUR SEAMLESS, ALL-IN-ONE BOOKING SYSTEM

*Is your time better spent on customers than handling parcel logistics?*

Our web-based, easy-to-use system handles everything for you, from the initial pickup to the final delivery to your end customer—whether you need global or domestic shipping within Germany.

**With our solution, you can:**

- Save time
- Enjoy easy access to multiple carriers
- Get benchmarked rates for your specific shipping rates
- Receive the most optimum route suggestions for your shipment
- Enjoy personalised service

All you need to do is choose when, where, your transit time, and rate, and we'll take care of the rest.

**Choose the solution or combination that is right for you:**

### **Express**

*The need for speed*

### **Economy**

*The cost-efficient solution*

### **Parcel**

*Distribution all the way*

**Get access to the easiest way to manage your shipments:**

- ✓ **One booking system** with access to multiple carriers
- ✓ **One validated invoice** - no matter how many shipments
- ✓ **One point of contact** - for any booking assistance or advice

It's a booking system designed to uncomplicate your daily logistics.
