mySGL – your digital end-to-end supply chain management platform

08 Oct, 2021 | [Share](#)

If you are looking for one-point of entry to all the digital logistics tools you need, we are happy to stop your search. mySGL is a state-of-the-art logistics and freight forwarding portal, enabling you to manage and fully

mySGL has been designed and tested in close collaboration with our customers, ensuring a user-friendly, efficient, and intuitive experience. We constantly strive to uncomplicate the world of our customers, and by officially launching our new digital platform, we take another significant step forward on this journey.

Enjoy the benefits of:

- Real-time overview of all your shipments worldwide
- Fast and easy submission of bookings across transport modes
- Rate search across transport modes
- Complete shipment visibility with all relevant milestones populated in real-time
- Document Management
- Integrated Order Management System including advanced Communication & Exception Management features
- Customized reporting, including the possibility of easily exporting data

Customized to fit your needs

Personalize and customize your mySGL dashboard, set up automatic status notifications, and much more.

Additionally, choose your desired level of information; deep dive into order and shipment details, transport routes, latest events, or go directly to the overview of all shipments, statistics, and reports.
