

UNITED ARAB EMIRATES

Did you know that the United Arab Emirates holds many remarkable world records?

Perched on the brink of the Persian Gulf, the UAE (United Arab Emirates) holds several remarkable and unusual world records. For instance, they are home to the world's tallest building, most inclined building, largest mall, largest hand-woven carpet, and the world's first 7-star hotel. The list goes on.

The country's entrepreneurship reflects a spirit of commitment, organisation and endeavour that reflects well upon our UAE team's inclination to excel.
