

ITALY

**Did you know  
Italy has over  
39,000 gelaterias?**

**Every Italian town proudly showcases its own gelateria, often passed down through generations. These family-run shops craft rich, velvety gelato—the traditional Italian take on ice cream—blending timeless recipes with modern twists. Just as each scoop reflects meticulous care, our logistics solutions are tailored with the same precision and dedication. From airfreight and ocean freight to road transport and sustainable, low-carbon solutions, we ensure every shipment is handled with the utmost expertise.**

With offices in Prato, Bologna, Milano, Treviso, and Civitanova Marche, we offer a robust network to connect Italy to the world with unparalleled reliability and efficiency.

Specialising in industries like fashion and retail, general manufacturing, and automotive, we provide tailored logistics solutions to meet even the most complex supply chain demands. Our services also include customs clearance and advanced digital tools, ensuring compliance and transparency at every step.

You can trust us to deliver your products with the precision and reliability that keep your supply chain running as smoothly as the operations of Italy's iconic gelaterias.
