

IMPORTING TO KENYA? WE'LL HELP YOU STAY AHEAD OF ACD REQUIREMENTS

GET YOUR CONTAINERISED CARGO ACD-READY

From **3 August 2026**, containerised cargo destined for Kenya requires a mandatory Advance Cargo Declaration (ACD).

Before your cargo is loaded, you must obtain a valid ACD Reference Code and ensure it appears on the Bill of Lading. **Transit cargo is excluded.**

Our team in Kenya is ready to help you prepare for the requirement and keep your shipments moving smoothly.

WHAT YOU NEED TO DO

- » Submit your shipping documents through the ACD portal in good time
- » Obtain your ACD Reference Code before cargo loading
- » Ensure the reference code appears on the Bill of Lading
- » Allow sufficient lead time for the process

HAVE THESE DOCUMENTS READY

- Draft Bill of Lading
- Commercial Invoice
- Freight Invoice
- Export Declaration

scangl.com

WHAT DOES THIS MEAN FOR YOUR CARGO?

Without a valid ACD Reference Code before loading, your shipment may face delays, additional costs, or compliance issues.

Planning ahead can help you avoid supply chain disruptions.

NEED HELP WITH YOUR ACD?

Talk to our Kenya team for support with the process and shipment coordination.
